

X-TECH UE – Zip Overt vest

Model with front zipper

The X-TECH UE-Zip can be opened and closed in the front with a central zipper. This makes it extremely easy and comfortable to put on the vest. This design usually orients itself on uniform-, working- or fashion-vests.

Vests that resemble the look of a smoking vest are also available.

For high end suits using the original fabric from the suit manufacturer can be used and thus really having the rest blending in.

The comfort of wearing it is the same as X-TECH UE-Standard.

The following ballistic packages are available:
